Hi Phil - I am SO sorry...your request completely slipped my mind. Marla was out of the office for 2 weeks and I've been swamped with all kinds of things. I just sent an email to the desktop manager, so hopefully we'll get a response. I don't know what their process is for this.

Subject: Bibilography software

Hi Peg,  
A couple weeks ago I asked about acquiring bibliographic software so I can track information sources I am using for my work on the Pebble Mine. Today Michael asked me if I have started to compile a bibliography for Pebble. I called 1201 about it. They said I should call you. I need it yesterday (of course). Can I get the software?

Phil
